

**Product Description**  
**ELKALUB FLC 3010**  
**Oil Spray**

Nonfood Compounds  
Program Listed (H1)  
(Registration 126162)

**FLC 3010** is a partly synthetic oil spray which creeps extremely well into fits and joints where it lubricates reliably. The film protecting against corrosion offers a good protection against wear.

**FLC 3010** is recommended for a temperature range from -20° C up to +120° C.

**FLC 3010** possesses the H1-approval under NSF registration number 126162.

**Examples for application:**

Foil transport chains, transmission chains, joints, hinges, bearings, slideways.

**Note:**

For areas where there is a larger impact of water, vapour, acids and alkalis (ph-range 2-11 at 50° C) we recommend our grease spray with H1 approval FLC 367.
