

Product Description
ELKALUB FLC 900 Clean
Cleaning Spray

Nonfood Compounds
Program Listed (H1)
(Registration No. 147542)

FLC 900 Clean is a special cleaner, which is primarily used in the food and drink as well as in the pharmaceutical industry. The odourless cleaning spray has a high dissolving ability and evaporates in a short time without leaving any residues.

FLC 900 Clean can be used for the temporary lubrication of rubber.

With **FLC 900 Clean**, it is possible to remove oils, greases, waxes, anti-corrosive agents, fresh paint residues and other soilings.
