

Product Description

VP 890

semi liquid grease
(H1)

Technical data:

Chemical composition	PAO, org. thickener, additives	
Appearance	white	
Temperature of use	-35°C till +140°C	
Water resistance	3/90	DIN 51 807 T1
Drip point in °C	not measurable	DIN ISO 2176
Base oil viscosity	ISO VG 150	DIN 51 519
Density (T)	0,93 g/cm ³	DIN 51 757
Flame point of base oil	>200°C	DIN EN 22719
Apparent dyn. viscosity	start	476 mPa*s
	end	434 mPa*s
Corrosion to iron (4h, 60°C, 1% NaCl)	0	DIN 51 811
Four ball test - okay load	2400 N	DIN 51 350 T4
Four ball test diameter of calotte	0,38mms (1min, 600N, 1440 rev per min.)	DIN 51 350 T5

These data reflect our knowledge of today and were elaborated in our best way. Alterations and/or amendmends reserved.
